Student

Summary

I'm currently doing my engineering in Computer Science from Amrita School Of Engineering, Kerala, India. I contribute to open source and support it. I mostly do web development.

Work experience

2017 - May-2018	Web Developer PickABite I am working as a web developer for a food startup pickabite for there main website piclabiteonline.com and have done some major changes in the code flow for the website and I've created many functions and transitions for there web which will be there. I've maintained the code and made it understandable for the future use. I have improved the code quality and have made the code readable.
2017 - Present	Crew Member Under25Club I with few another youngsters organized an event in hyderabad under the name of Under25 Summit, Hyderabad. The experience was quite wonderful and the team I had to organize the event was best. Under 25 Club is an Media Entertainment Event Company.
2018 - May-2018	Student Partner Internshala Student Partner

Education

- 2015	AISSE, P.C.M(with Computer Science) Blooming Dales International School Secured 78%
2016 - 2020	Bachelor of Technology (in Computer Science) Amrita School Of Engineering, Amrita University CGPA- 6.72/10

Technical Skills

Platforms

GNU Linux, Windows

Languages

C, C++, Java, Python

Web

HTML, CSS, Bootstrap, Javascript, jQuery, Ajax, PHP, JSON

Scripting

Shell

DBMS

MySql, MongoDB

VCs

Git

Others

Algorithms, Data Structures, Vagrant, x86 Assembly Language, Operating Systems,

Core Competencies

- Teamwork
- Responsibility
- Decision Making
- Communication
- Trustworthiness
- Commitment to work
- Result Orientation
- Problem Solving
